Chapter 1 The Common Bond and Purpose, Structure, and Constitution of The Independent Order of Foresters

1.1 The Common Bond and Purpose of The Independent Order of Foresters

- 1.1.1 As a Fraternal Benefit Society, The Independent Order of Foresters (Foresters and Foresters Financial) provides family financial products and services to its members; strives to make its members' communities better places; and gives its members opportunities for personal development, social interaction, and voluntary service to others. Foresters operates within the framework of members helping members.
- 1.1.2 Foresters provides its members with the opportunity to demonstrate the principles of mutual help and community volunteering. From its beginnings, the organization has been an agent of compassionate change in the community, focusing its energies on helping members and their families whenever they are in need or distress, and encouraging cooperation among all members, whatever their condition in life. Membership is open to all who share a commitment to these ideals and who are willing to share their time and talents to support others, both those within Foresters membership and in the surrounding community.
- 1.1.3 Foresters Common Bond informs our Purpose, which is that Foresters exists to enrich the lives of its members, their families, and the communities where they live. Honoring our rich tradition of caring, we champion the well-being of families through quality financial products, unique member benefits, and inspiring community activities.
- 1.1.4 Foresters is organized under the laws of Canada, is subject to the *Insurance Companies Act of Canada* (the Act) and has all the powers granted by law.

1.2 The Representative Structure of Foresters

- 1.2.1 As a Fraternal Benefit Society and as required by law, Foresters has a representative system of government, through which member representatives are elected at local, regional, and international levels to represent members' interests. These elected members may be referred to as officers and are accountable for decisions made on the members' behalf.
- 1.2.2 Member representation begins with local bodies called Branches, which are managed by Branch Councillors elected by the voting members of that Branch. The Branch Councillors elect the Branch President and Branch Vice President. The Branch

Councils meet regularly to discuss members' needs, oversee local programming, and make decisions on local matters. Branches are part of a Regional Assembly.

- 1.2.3 All Branch Councillors within a region are ex officio voting members of the Regional Assembly to which their Branch belongs. The Branch President and Branch Vice President are ex officio voting members of the International Assembly.
- 1.2.4 A Regional Assembly composed of the Branches within its territory meets every two years. Members of the Regional Assemblies elect the Regional Councillors and the Regional Council Presidents who form the Regional Councils. The Regional Councils act on behalf of the Regional Assemblies between meetings to oversee and support the work of the Branches within their region.
- 1.2.5 The Regional Council President and the Regional Councillors are ex officio voting members of the International Assembly.
- 1.2.6 The International Assembly meets every four years. The International Assembly is the supreme governing body of Foresters. It elects the International Fraternal President and the members of the Board of Directors (the Board), one of whom is designated International Fraternal Vice President, and is the only body with the power to amend the Constitution of Foresters, except where otherwise provided in the Constitution.
- 1.2.7 When the International Assembly is not in session, the Board, made up of the International Fraternal President, directors elected by the International Assembly, and the President and Chief Executive Officer (CEO), oversees the business and fraternal affairs of Foresters. As stewards with responsibility for all aspects of regulatory compliance in all jurisdictions in which Foresters operates, the Board has a fiduciary duty to protect the well-being of Foresters. The Board supervises the general management of Foresters operations.
- 1.2.8 Member representatives at the Branch, Regional and International level may hold only one elected or appointed office at a time at any level.

1.3 The Constitution

- 1.3.1 The Constitution¹ describes the framework of laws and principles by which Foresters operates. The Constitution sets out the authority, responsibilities, and obligations of Foresters members, representatives, officers, and representative bodies. This document outlines the processes and terms under which members take and hold

office at all levels within the organization. It also describes members' rights and lays out the mechanisms by which members, officers, and representative bodies are held accountable to the membership.

- 1.3.2 All acts or resolutions of Branch Councils, Regional Assemblies, Regional Councils, the International Assembly, and the Board must be consistent with the provisions of this Constitution and the laws of the jurisdictions in which Foresters operates.
- 1.3.3 Every member of Foresters and every person who derives benefits through a Foresters issued insurance or annuity certificate or policy, or member benefit owned by or insuring a Foresters member will be subject to the provisions of this Constitution. Each member of Foresters is entitled to a copy of this Constitution.
- 1.3.4 No representative body or member of Foresters has the power to waive any of the provisions of this Constitution. No act of any representative body, officer, or member of Foresters may be construed as a waiver of any provisions of the Constitution or of any conditions of any insurance or annuity certificate or policy made or issued by Foresters.
- 1.3.5 The Constitution may be amended only as set out in Chapter 8. Any provision of this Constitution that conflicts with the laws that apply to Foresters in a jurisdiction will be inoperative in that jurisdiction.
- 1.3.6 Additional information on Foresters community and fraternal activities, programs, and operations is contained in the Member Network Policies approved by the Board and amended from time to time.

Chapter 2 Membership

There are two types of membership in Foresters: Benefit Members and Community Members. Benefit Members and Community Members must be at least 18 years old to be entitled to vote or hold any office in Foresters.

2.1.1.2 insured under a life or health insurance certificate or rider or is an annuitant under an annuity certificate issued by Foresters wholly owned UK subsidiary, Forester Life Limited, or by Foresters wholly owned Canadian subsidiary Foresters Life Insurance Company, during the period that each is owned by Foresters; or

2.1.4 A Community Member is a person who:

2.1.4.1 has been accepted as a Community Member of Foresters or was previously accepted by Foresters as any other category of member and (i) continues to meet the eligibility criteria for Community Membership as determined by

the Board in its complete discretion, and (ii) does not meet the eligibility criteria to be a Benefit member; or

- 2.1.4.2 the Board has determined at the time of acquisition or assumption of a subsidiary or a block of policies or certificates, or any time thereafter, shall be a Community Member because such person is a customer of a subsidiary and meets the eligibility criteria for Community Membership, all as determined by the Board in its complete discretion.
- 2.1.5 A Community Member may participate in the governance of Foresters but shall only have the right to vote in Branch elections and may only hold the office of Branch Councillor.

Community Members are therefore entitled and encouraged to participate in the voluntary service, social and community activities of Foresters.
- 2.1.7 Community Members may not make up collectively more than one-third of Branch Councillors in any one Branch.
- 2.1.9 Due to their employment or contractual relationship with Foresters or its subsidiaries, some members are not eligible for governance positions.
 - 2.1.9.1 No current employee or appointed independent producer of Foresters or one of its subsidiaries or a Foresters member who is working for a competitor of Foresters in its insurance and annuity sales may serve as an elected member.
 - 2.1.9.2 No former employee or appointed independent producer of Foresters or one of its subsidiaries or a Foresters member who formerly worked for a competitor of Foresters in its insurance or annuities sales may serve as an elected member until the expiration of two years from the date of the termination of their employment or agency, without special dispensation from the International Fraternal President.
 - 2.1.9.3 Family members (which include spouses, children, parents, grandparents, siblings, and members of the immediate household) of Foresters current employees or appointed independent producers of Foresters or its subsidiaries may not serve as an elected member without special dispensation from the International Fraternal President.

- 2.1.9.4 Current employees that are Foresters members may be appointed as Appointed Representatives to the International Assembly with special dispensation from the International Fraternal President.
- 2.1.9.5 The Board further reserves the right to limit any and all governance participation due to a member's employment or contractual relationship with Foresters or one of its subsidiaries including, but not limited to, past or present employees, independent producers, their respective family members, and employees of Foresters competitors.
- 2.1.10 An individual who is entitled to be both a Benefit Member and a Community Member will be assigned to the category of Benefit Member.
- 2.1.11 The Board sets the material terms and conditions of all classes of membership, including, but not limited to, membership fees or dues, benefits, rights, obligations, eligibility, entitlements and any variation of benefits within a class of membership and the Board may approve any policies in furtherance of any of the above.
- 2.1.12 All members are entitled to receive general membership communications from Foresters, including the official publication(s) of Foresters, as determined by the Board.
- 2.1.13 Member entitlements are available to members who are in good standing, that is, to members who are up to date in their payment of all required premiums, fees or dues.
- 2.1.14 When participating in Foresters meetings or events, members are subject to the Constitution, Common Bond and Purpose, Board Approved Policies, and Volunteer Code of Ethics, and are held accountable for any breaches.

2.2 Membership Premiums, Fees, Dues and other Payments

- 2.2.1 To remain a member in good standing, each member must pay any premiums, fees, dues, or other payments that may be required.
- 2.2.2 The terms of all categories of membership, including dues, fees, benefits, rights, entitlements, and obligations, are determined by the Board. Foresters member benefits are non-contractual, subject to benefit specific eligibility requirements, definitions and limitations and may be changed or cancelled without notice.

- 2.2.3 All premiums, dues, fees, or other payments specified in the member's insurance certificate or contract must be paid to Foresters in the manner specified by the Board or in the member's contract or certificate.
- 2.2.4 The due date for payment may be changed by the Board, provided that the change does not override the provisions of an insurance certificate or contract.
- 2.2.5 The Board may require members or owners to pay additional assessments.

2.3 Beneficiaries

- 2.3.1 Certificate owners may designate beneficiaries for any financial product under which benefits are payable, subject to the laws of the country, province, or state in which they live at the time membership has been accepted.
- 2.3.2 A certificate owner may change a beneficiary at any time by filing a written request using a form specified by Foresters. The change will be effective on the date it is recorded by Foresters.

2.4 Disciplinary action and suspension or expulsion of Members

- 2.4.1 Every Foresters member involved in a dispute has the right to fair dispute resolution, conducted with due process, balanced deliberations and decision-making, and reasonable resolutions which are in the best interests of Foresters and its members.
- 2.4.2 The Board develops, approves, and oversees the administration of procedures by which individual members may be held accountable for their actions or for any dereliction of duty as an elected member. These procedures, which are set out in approved Board policies, will ensure that members subject to disciplinary action are given a reasonable opportunity to defend themselves, to participate in Foresters internal mediation process, and to appeal any decision made by Foresters against them.
- 2.4.3 If the premiums, fees, dues, or other payments specified in a member's certificate or contract are unpaid, or a member fails to carry out their duties as an elected member, acts in ways that demonstrate that he or she does not share a commitment to Foresters Common Bond and Purpose, that are a breach of any provision of this Constitution, or that bring Foresters into disrepute, the Board may, upon the recommendation of the International Fraternal President, take disciplinary action against the member.

These actions may include but are not limited to reprimand; suspension from any office or position; removal from any office or position; suspension from membership in Foresters; and expulsion from membership in Foresters.

- 2.4.4 The Board may impose penalties appropriate to the seriousness of the member's offence, including restrictions on the member's right to participate in the activities of a Branch Council, Regional Council, Regional Assembly, or the International Assembly. A member who has been suspended or expelled from membership in Foresters will not be permitted to attend meetings or events or exercise any other rights and privileges of membership.
- 2.4.5 Suspension or expulsion from membership, except for non-payment of fees or premiums, shall not adversely affect the member or former member's rights and entitlements under the terms of any life insurance, annuity, or other financial product.

If a special meeting is held, the Board will determine the appointment of Appointed Representatives.

8.13 International Assembly Committees

8.13.1 The standing (permanent) committees of the International Assembly are Appeals, Constitution, Credentials, Finance and State of Foresters.

8.13.2 The International Assembly may form ad hoc (temporary) committees to carry out specific tasks.

8.13.3 These committees will be created by the International Assembly, which has the authority to delegate matters such as mandate, terms of reference, membership, and designation of the Chair to the International Fraternal President.

8.14 Amending the Constitution

- 8.14.1 The Constitution can be amended only by the International Assembly, except as set out below.
- 8.14.2 No amendment will be accepted that is inconsistent with Foresters incorporating documents or with any law that applies to Foresters.
- 8.14.3 Any proposed amendments to the Constitution require the written support of a Regional Council or at least twelve (12) members of the International Assembly that would consider the amendments. Amendments must be submitted in writing to the Standing Committee on the Constitution and to the Executive Secretary of Foresters at least 60 days before the first day of an International Assembly meeting. The Standing Committee on the Constitution must consider all amendments and must include their comments or recommendations for disposition on all amendments received in their report to the International Assembly.
- 8.14.4 The report of the Standing Committee on the Constitution must be circulated to the members of the International Assembly at least 30 days in advance of the meeting at which the amendments will be considered.
- 8.14.5 Any proposed amendment to the Constitution will be carried if it receives a vote of no less than two-thirds of the International Assembly members present at the meeting who participate in the vote.
- 8.14.6 Between meetings of the International Assembly, the Board may alter the Constitution by renumbering sections and/or rephrasing or harmonizing sections with amendments adopted by the International Assembly, provided that the true intent and meaning of the Constitution is not changed.
- 8.14.7 The Board may amend the Constitution at any time to ensure that it conforms to the laws that apply to Foresters.
- 8.14.8 All changes made to the Constitution will be published in the issue of Foresters official publication and will be posted on Foresters official website immediately following the change.

Chapter 9 Board of Directors (the Board)

9.1 The purpose and powers of the Board

Foresters Board is composed of officers of the International Assembly. When the International Assembly is not in session, the Board exercises all authority of the International Assembly, except the power to amend the Constitution beyond the provisions of sections 8.14.6 and 8.14.7. It oversees the business and fraternal affairs and the management of Foresters, its funds and property, in accordance with and subject to the Act, and does so through a management framework which includes, but is not limited to, strategic planning, risk management, succession planning, internal management control, corporate policy-making, investment policy, and internal and external communications. The Board may delegate any of its power to act on its behalf, except as prohibited by law or by prudent governance principles.

9.2 The composition of the Board

The Board is made up of the International Fraternal President, 13 officers elected by the International Assembly, one of whom is designated International Fraternal Vice President, and the President and CEO.

9.3 Board meetings

- 9.3.1 The Board will hold regular meetings at least four (4) times in each calendar year. Meetings may be called by the Board Chair, or at the request of a majority of the Board members. Members will be notified in writing of the time, date, and location of the meeting at least seven (7) days in advance.
- 9.3.2 Special meetings may be called on shorter notice if all members agree in person or in writing to the special meeting.
- 9.3.3 A majority of members of the Board, who must be present in person or remotely by telephonic, electronic or other means as permitted by procedures prescribed by the Board, will constitute a quorum.
- 9.3.4 A meeting of the Board or a Committee of the Board may be held by means of such telephonic, electronic or other means as permitted by procedures prescribed by the Board as to permit all persons participating to communicate adequately with each other during the meeting.

- 9.3.5 Any action required or permitted to be taken at a board meeting may be taken by written action signed by two-thirds of the directors then in office. A written consent under this provision has the same force and effect as a vote of the Board taken at a meeting.

9.4 The Chair of the Board

The Board will appoint one of its members, other than the International Fraternal President or the President and CEO, as Chair. The duties of the Chair are set out in the Board Mandate.

9.5 The President and CEO

- 9.5.1 The Board appoints the President and CEO, specifies their duties, and supervises and directs their work. The Board evaluates the President and CEO's fulfillment of these duties at least annually.
- 9.5.2 The President and CEO may not serve as Chair of the Board or as International Fraternal President.
- 9.5.3 The President and CEO serves as an *ex officio* voting member of the Board and Committees and the International Assembly.
- 9.5.4 The President and CEO directs the management of Foresters, within the framework provided by the Board.

9.6 The members of the Board

- 9.6.1 Members of the Board are *ex officio* non-voting members of all Foresters Branches and Regional Assemblies, with all rights of membership except the right to vote or hold office within the Branch Council or on a Regional Council.
- 9.6.2 If a Board member dies, resigns, or becomes unable to continue in office, the other Board members may elect any voting member of Foresters to fill the vacancy. The new Board member will remain in office until the next regular meeting of the International Assembly.
- 9.6.3 If a Board member neglects or refuses to perform their duties, the other Board members may, by a unanimous vote, declare their position vacant and elect a replacement.

9.6.4 Members of the Board may receive honoraria, fees, and expenses, within guidelines established by the Board.

9.7 Committees of the Board

The Board may form standing (permanent) or ad hoc (temporary) committees, assign them specific tasks, and determine their mandate, membership, chairs, and reporting requirements.

9.8 Audits and financial statements

9.8.1 The Board will engage a qualified firm of accountants to carry out an annual audit of the consolidated financial statements of Foresters and will ensure that the auditors' report is provided to the Board. A summary of these consolidated financial statements and the auditors' report will be published annually in the official publication of Foresters. The Board may change the firm of accountants employed to perform the audit whenever the Board considers it appropriate to do so.

9.8.2 The Board will ensure the preparation of consolidated financial statements covering the four (4) years since the last International Assembly meeting and engage a qualified firm of accountants to carry out an audit of these statements. The Board will provide these documents to the International Assembly at least 30 days before the opening of its meeting.

9.9 Maintenance of reserves

9.9.1 If Foresters reserves for any class of certificate or contract become impaired, the Board may require that the owners of the certificates or contracts pay an additional assessment reflecting an equitable proportion of the deficiency, as determined by the Board. If the payment is not made, either:

9.9.1.1 it will stand as a debt against the certificate and draw interest; the interest is not to exceed the rate specified for certificate loans, or as prescribed by law, or, if no rate is specified or prescribed, five (5) percent a year, compounded annually; and/or

9.9.1.2 the owner may accept a proportionate reduction in benefits under the certificate.

9.9.2 The Board may specify the manner by which the owner chooses to discharge the assessment and which choice is presumed, if no choice is made.

9.10 Separate account and closed blocks

The Board may establish one (1) or more (i) separate accounts, to facilitate the issuance of variable life insurance and annuity products or for any other lawful purpose, or (ii) closed blocks of business, to facilitate the acquisition/assumption of certificates, contracts or policies of insurance originally issued by another entity or for any other lawful purpose. In connection with the establishment of a separate account or closed block of business, the Board shall have the authority, in its complete discretion, to determine the specific terms, conditions and features of such separate account or closed block, subject to applicable law. Any such action by the Board shall be considered to be in accordance with the Common Bond and Fraternal Purpose set forth in this Constitution.

Chapter 10 Indemnification of Foresters Directors, Officers, Elected Members and Employees

10.1 Indemnification of Foresters Directors, Officers, Elected Members and Employees

10.1.1 To the extent permitted by law, Foresters will indemnify any present or former director, officer, elected member or employee of Foresters or any of its subsidiaries, and their heirs and legal representatives, against all reasonably incurred costs, charges, and expenses, including any amount paid to settle an action or satisfy a judgment, in any civil, criminal, administrative, or investigative proceeding to which he or she was made a party by reason of their position as director, officer, elected member or employee, provided that:

10.1.1.3 they had reasonable grounds for believing that their conduct was lawful.

10.1.2 To the extent permitted by law, Foresters will indemnify any present or former director, officer, elected member or employee of Foresters or any of its subsidiaries, and their heirs and legal representatives, against all reasonably incurred costs, charges, and expenses, if the present or former director, officer, elected member or employee is substantially successful in defending a civil, criminal, administrative, or investigative proceeding initiated or continued by Foresters or any of its subsidiaries before a third party to which he or she was made a party by reason of their position as director, officer, elected member or employee, provided that:

10.1.2.1 they acted honestly and in good faith, with a view to the best interest of Foresters; and

10.1.2.2 they had reasonable grounds for believing that their conduct was lawful.

10.1.3 These rights of indemnification are in addition to any other rights to which the present or former director, officer, elected member or employee is entitled by law.

10.1.4 Indemnification will be paid from Foresters funds when the costs, charges, or expenses are due, provided that the present or former director, officer, elected member or employee agrees in writing to return the money if it is proved that they are not entitled to indemnification.
