Forester Life Savings & Investment Plan

Foresters Stakeholder (Schroders) Managed Fund

Forester Life Limited (Forester Life)

Visit foresters.com or call us on 0333 600 0333 for more information.

Forester Life Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority.

This document was last updated on 30th January 2026.

What is this product?

Type: The Forester Life Savings & Investment Plan is a unit-linked insurance based investment Plan. It is a Stocks and Shares Stakeholder product and complies with the Stakeholder Regulations which include capped charges, low minimum investment and restrictions on how your money is invested.

Objectives: To achieve medium to long-term capital growth. Any money you save (contributions) is used to buy units in the Foresters Stakeholder (Schroders) Managed 2 Fund. The value of the investment, less the deduction of charges, determines the unit price at the end of each business day. The amount you receive when you withdraw your investment is calculated by multiplying the total units you have bought by the unit price. After 10 years your units are switched to the Foresters Stakeholder (Schroders) Managed 2A Fund which is an identical fund but with lower ongoing costs (1% instead of 1.5%).

The Foresters Stakeholder (Schroders) Managed Funds invest in the Schroder Foresters Balanced Fund.

The funds are managed by Schroders who invest in a diversified range of assets and markets worldwide, including shares (equities), fixed interest holdings and cash. A share is a part ownership of a company, whilst fixed interest holdings (often called bonds) are loans to a company or government. In the UK government bonds are known as gilts. Bonds offer a fixed date for repayment and interest paid at regular intervals. The investment into shares is limited to 60% of the fund in accordance with the Stakeholder Regulations.

Intended retail investor: This describes the typical investors we consider suitable for our Savings & Investment Plan and therefore who we have determined to be our target market. These are mid-market individuals looking to build or maintain financial resilience. Our Savings & Investment Plan is designed for investors aged 16 and over, who have a lump sum or spare income to invest and wish to invest outside of the Individual Savings Account (ISA) or Junior ISA annual allowance. Our Savings & Investment Plan is not necessarily suitable to those who have complex investment needs.

The funds are professionally managed, customers do not need to be experienced investors or have knowledge of investing.

In the event of the Planholder's death (the second death where the Savings & Investment Plan is held on a joint life basis), we will pay 101% of the Plan value. There is no maturity date for the Savings & Investment Plan. We reserve the right to close a Savings & Investment Plan and pay the value to the Planholder(s) if after 5 years contributions have stopped and the Plan is worth under £1,750. We will give you 30 days written notice if we intend to exercise this right.

What are the risks and what could I get in return?

! The risk indicator assumes you keep the product for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 3 out of 7, which is a medium-low risk class. This rates the potential losses from future performance at a medium-low level, and market conditions are unlikely to impact the capacity of Forester Life to pay you. This product does not include any protection from future market performance so you could lose some of your investment.

Investment Performance Information

The fund invests in a diversified range of assets worldwide including shares (equities), government bonds, investment grade corporate bonds, high yield bonds, emerging market bonds, commodities, and cash. The use of derivatives (such as equity and bond futures) is permitted for investment purposes and/or to manage the fund efficiently. In accordance with the Stakeholder Regulations no more than 60% is invested in shares at any given time. Future returns will be determined by the performance of the equities, bonds, commodities and foreign exchange positions held in the fund. Such performance may be positive or negative and will depend on general movements in the global financial markets. General movements in the global markets could be the result of political, regulatory, market, economic or social developments at a local, regional, and global level.

In addition, certain investments in the fund are represented in their local currencies, whereas the currency of the fund is in pounds, movements in the respective exchange rates against the pound may have an impact on performance.

The fund does not have a target benchmark. The fund's performance should be compared against the Investment Association Mixed Investment 20-60% shares sector average return.

What could affect my return positively?

Higher returns may be generated where global equity and bond markets rise in value. This generally occurs when such markets are stable, interest rates and inflation are low and there are no major interruptions to economic stability such as geopolitical unrest. Such conditions could therefore lead to an investment gain.

What could affect my return negatively?

Lower returns may be generated where global equity and bond markets fall in value. This generally occurs when there is uncertainty in the markets and the demand for equities and bonds decreases. Such uncertainty may arise from increases to inflation and interest rates and major interruptions to economic stability such as pandemics and geopolitical unrest. Such conditions could therefore lead to an investment loss.

The Plan does not have a maturity date, however, if the investment is withdrawn during a period of economic instability, there may be an investment loss and the amount paid out could be less than paid in. Where the investment is withdrawn under severely adverse market conditions, for example a significant loss of the value of the investment. However, the investor can choose when to withdraw the investment at any time.

What happens if Forester Life is unable to pay out?

The Financial Services Compensation Scheme (FSCS) is the UK's compensation fund for customers of authorised financial services firms. Individual customers are covered by the FSCS which means that in the unlikely event that we cannot meet our obligations you will be entitled to make a claim for compensation from the FSCS. Forester Life's insurance and Protection Plans, ISAs, Savings & Investment Plans, Pension Plans and all children's savings Plans are fully covered under the FSCS. This means you would be entitled to 100% of the value of your Plan. You can find out more about the FSCS by visiting their website www.fscs.org.uk or by calling 0800 678 1100.

What are the costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

The amounts shown here are the cumulative costs of the product itself, for three different holding periods. They include potential early exit penalties. The figures assume you invest a single premium of £10,000 or a regular premium of £1,000 per year. The figures are estimates and may change in the future.

Regular premium paid - Investment £1,000

Scenarios	If you cash in after 1 year	If you cash in after 3 years	If you cash in after 5 years
Total costs	£16.70	£86.80	£232
Impact on return (RIY) per year	1.63%	1.63%	1.63%

Single premium paid - Investment £10,000

Scenarios	If you cash in after 1 year	If you cash in after 3 years	If you cash in after 5 years
Total costs	£167	£523	£910
Impact on return (RIY) per year	1.63%	1.63%	1.63%

The table below shows the impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period, and the meaning of the different cost categories.

This table shows the impact on return per year			
One-off costs	Entry costs	0%	The impact of the costs you pay when entering your investment. The impact of the costs already include in the price. This includes the cost of distribution of your product.
	Exit costs	0%	The impact of the costs of exiting your investment.
Ongoing costs	Portfolio transaction costs	0.13%	The impact of the costs of us buying and selling underlying investments for the product.
	Other ongoing costs	1.50%*	The impact of the costs that we take each year for managing your investments and the cost presented in the tables above.

*This is the annual management charge.

How long should I hold it and can I take money out early? Recommended holding period: 5 years

Once we have received your application we will issue the Plan Documents, which includes a cancellation notice. You will have 30 days from receipt of the cancellation notice in which you can change your mind.

The recommended holding period for a Savings & Investment Plan is at least five years to even out the short-term volatility of the investment and allow the potential to grow in value. A Savings & Investment Plan can be withdrawn fully or partially, at any time. There are no exit costs, or penalties made for partially or fully withdrawing your Savings & Investment Plan although the amount you receive may be subject to tax.

To withdraw a Savings & Investment Plan you should provide written notification (by post, fax or email). Payments can only be made to the Planholder(s), and only to an account held in their name. Early withdrawals increase the risk of getting back less than has been invested.

How can I complain?

If you are unhappy with any aspect of the service provided by us, please write to the Customer Relations Officer, Forester Life, Foresters House, 2 Cromwell Avenue, Bromley BR2 9BF. You can view Forester Life Complaints Report and our complaints procedure at foresters.com/contact-us/complaints or phone 0333 600 0333 for a copy.

If we do not deal with your complaint to your satisfaction, you can complain to: The Financial Ombudsman Service (FOS), Exchange Tower, London E14 9SR (telephone 0300 123 9123, email complaint.info@financial-ombudsman.org.uk or visit www.financial-ombudsman.org.uk). Making a complaint will not prejudice your right to take legal action.
