Overview

As a Foresters member you receive value beyond the financial security gained through purchasing a product. Foresters has a long history of supporting education and personal development through our Competitive Scholarship benefit which supports student-community engagement, academic standing, and leadership development. Our Scholarship benefit helps members and their families afford post-secondary studies by providing a scholarship for up to four years of education.

Eligibility

1. How are scholarship award recipients selected, and does Foresters have any influence over the process?

The Competitive Scholarship benefit is administered by International Scholarship and Tuition Services, Inc. (ISTS) a firm specialising in overseeing the selection of scholarship winners to maintain impartiality. Foresters has no influence over the scholarship awards selection process.

ISTS independently selects recipients with careful consideration of requirements, which include an essay, volunteer hours, and grades. **Meeting or exceeding these requirements does not guarantee selection.** Decisions by the ISTS selection committees are final.

2. How many times can I apply for a Competitive Scholarship?

After your first submission as a New Applicant, you are eligible to apply up to three consecutive times as a Returning Candidate until such time as your first post-secondary degree or equivalent is earned at which point applicants will no longer be eligible for a Competitive Scholarship. Should you continue your studies, you may be eligible for a Foresters Renew adult education grant. You can find more information about Foresters Renew on [Foresters.com](https://foresters.com) and [MyForesters.com](https://myforesters.com).

Please refer to the table under the [Applications section](#) (pg. 6) for further explanation.

3. If I've applied for a scholarship under my parent/grandparent/legal guardian's Foresters membership status, and they cease to be a member or pass away, am I still entitled to my scholarship award?

If the member ceases to be a member: The scholarship will terminate at the end of any academic year in which the Foresters member, whether it be the scholarship recipient or sponsoring member, ceases to be a Foresters member.

If a member passes away after the scholarship is awarded: The scholarship will continue as long as you are covered under another in-force Foresters membership, **AND** you continue to meet the criteria as a Returning Candidate.

4. My Foresters Plan/policy is coming up for expiry and I need to renew it before applying for the scholarship award. What should I do?

If your Plan is approaching maturity or end of term, contact **Customer Services** immediately by email at service@foresters.co.uk. If you have made changes to your Plan/policy, (i.e. address change, new term, switching to another Foresters Plan/policy etc.) check with the Customer Service to ensure the status of your Plan/policy, is **in-force**.

5. I am applying for my second post-secondary degree/diploma. Can I still apply for a Competitive Scholarship?

No, the scholarship is only applicable to the **first** post-secondary degree or diploma sought by the recipient. If you are pursuing a graduate degree or are thinking about continuing education that is not your first post-secondary degree, as a member, you might be eligible for our Foresters Renew grant. To learn more, visit the Foresters Renew page on [Foresters.com](https://www.foresters.com) and [MyForesters.com](https://www.myforesters.com).

6. Can I still be approved for a Competitive Scholarship if I already have a scholarship from another institution?

If you have been awarded another scholarship or subsidy that covers a portion of your tuition costs, and where you are awarded a Foresters scholarship, Foresters will provide you with a scholarship that amounts **to the lesser of**:

- £1,000 or
- Your remaining tuition requirements of that given academic year.
