D. Acknowledgement:

The undersigned understands this loan will be subject to all applicable policy provisions and applicable interest rate(s). The policy is hereby assigned to the Company as security for payment of the loan indebtedness and in consideration of the Company waiving the deposit of the policy with it, the undersigned agrees that the rights of the Company shall in no manner be prejudiced by such waiver.

It is also understood that policy loans reduce the cash value and death benefits of a policy. Furthermore, if a policy is surrendered or terminates for any reason prior to the owner's death, policy loans are taxable to the extent that they exceed the cost basis. As a general rule the policy owner is responsible for paying income taxes on the difference between the surrender value and total premiums paid. Any outstanding policy loans will be added to the cash surrender value for the purpose of calculating income tax liability. If the total amount of outstanding loans exceeds the cash balance, the policy will terminate. For variable policies, poor performance of the underlying subaccounts, as a result of adverse market conditions, might cause this to occur. Consult with your representative or tax advisor before taking a policy loan.
