

Junior ISA

A Junior ISA is a tax-efficient savings designed to allow adults to save on behalf of a child.

The money in the account belongs to the child, and at age 18 the Junior ISA will automatically roll into an Adult ISA, where they will have access to the savings.

There are two different types of Junior ISAs available, cash and stocks and shares; and you can save in one or a combination of both if your child is eligible.

Our Junior ISA

Our Stocks and Shares Junior ISA is a simple and affordable way of building up a tax-free lump sum for their future. If you are investing for the medium to long-term, our Junior ISA may be more suitable, by offering more potential for growth rather than saving in a bank or building society account where inflation could eat away at the interest made.

Even if your child already has a Cash Junior ISA you are still able to open our Junior ISA. Of course, if your child already has a Stocks and Shares or a Cash Junior ISA or a Child Trust Fund (CTF) you may want to consider transferring to us. We do not charge for any transfer.

The role of the Registered Contact

The Registered Contact is responsible for managing the Plan so should keep all of the Plan information safe, report changes such as change of address and is the only person who can change the account or provider.

At age 16, a child whose Junior ISA was opened by a person with parental responsibility can become the Registered Contact and manage their own Plan if they wish to.

Contributions

Contribute from £10 by Direct Debit or standing order for monthly contributions, or from £20 for single contributions by cheque and/or direct from your bank (direct credit); you can also make debit card payments online and by phone. All contributions to the Junior ISA are considered a gift and cannot be returned to the gifter.

You can amend existing Direct Debits at any time. The minimum increase, or decrease amount is £5, and the Direct Debit cannot be less than £10.

To keep pace with inflation monthly contributions will automatically increase in line with the Retail Price Index (RPI), subject to a minimum of 2.5%. We will write to you each year to let you know this is happening, and if you do not wish for your contribution to increase, just let us know 14 days before this is due.

Transfers

You are entitled to transfer between ISA providers and our Forester Life Junior ISA can be transferred at no charge.

We accept transfers from both Stocks and Shares and Cash Junior ISAs and CTFs. If you are transferring a Cash Junior ISA this can be transferred in full or in part, however Stocks and Shares Junior ISAs and CTFs need to be transferred in full.

Once a CTF has been transferred to a Junior ISA it cannot be transferred back. If you are transferring from a Cash Junior ISA or Cash CTF you should note that there will now be some risk to the investment.

Forester Life does not give advice on transfers. If you are in any doubt about a transfer you should seek full financial advice.

Accessing the money

All savings are locked in until the Planholder's 18th birthday. At least a month before the Planholder reaches 18 we will write to them providing the details of the options available following their birthday.

On their 18th birthday the Junior ISA will mature and automatically roll into an ISA in their name. The ISA will continue to invest in the same fund(s) as before, with the same charges.

Tax treatment

The amount paid to the Planholder at age 18 is completely free from UK Income and Capital Gains Tax. Benefits paid out on death could be subject to inheritance tax.

Tax treatment depends on individual circumstances and may be subject to change in the future.

Choice of funds

You have the option to invest in the following funds.

Your investment

Your investment will be looked after by the experts at Schroders who make the investment decisions on your behalf.

Schroders is an independent, dedicated asset manager with a strong heritage and culture based on over 200 years' experience of investment markets.

Our Junior ISA is a unit-linked Plan and meets Government standards required to be a stakeholder product. This means it is a straightforward, low cost product – where charges are no more than 1.5% of the fund value, reducing to 1% after 10 years. This single annual management charge takes into account our distribution, administration and investment management costs.

Contributions will be used to purchase units in the chosen fund(s); Foresters Stakeholder (Schroders) Managed 1 Fund and/or the Foresters Stakeholder (Schroders) Sustainable Future Managed 1 Fund. After 10 years the investments will move to the equivalent 1A funds. These funds have the same investment approach however they benefit from a lower charge.

Whilst our Junior ISA meets the standard for a stakeholder scheme this does not necessarily mean that the investment is suitable for you or that there is any guarantee of performance.

As with all stock market investments the value may fall as well as rise and the child may get back less than has been invested.

If you change your mind

Once your application is accepted, you will be issued your Plan Document and a notice of your right to cancel. You have 30 days from receipt of this notice to cancel your application.

Should you cancel, any contributions returned may be lower if the value of units bought has fallen.

If the Junior ISA application is a transfer to us from a CTF, after the transfer completes you cannot transfer back to a CTF.

If you exercise the right to cancel a transfer to us, the amount subsequently returned to the previous ISA provider may be lower if the price of units has fallen in the meantime.

Other information

In the unfortunate event of the Planholder's death before age 18 we will pay out 101% of the value of the Junior ISA.

What the Plan could be worth

The tables indicate what monthly or single contributions could be worth in years to come, assuming an annual investment growth rate of 5% and an annual management charge of 1.5%, reducing to 1% after 10 years.

Monthly contributions

Monthly contribution amount	Value after 18 years
£20 a month (increasing to £33.09 in final year)	£7,780
£50 a month (increasing to £82.67 in final year)	£19,400
£100 a month (increasing to £165.28 in final year)	£38,800
£350 a month (increasing to £578.49 in final year)	£136,000
£750 a month*	£230,000

Monthly contributions are assumed to be increased by 3% pa. *No increase is applied when the contribution is at the maximum allowed.

Single contributions

Single contribution amount	Value after 18 years
£1,000 single contribution	£1,900
£3,000 single contribution	£5,720
£9,000 single contribution	£17,100

Important notes for projections

These figures are only examples and are not guaranteed. The actual value could be more or less than shown, and could be less than has been paid in. What your child will get back depends on how much the investment grows and on the tax treatment of the investment. Investments can go down as well as up.

Inflation would reduce what you could buy in the future.

The Forester Life Junior ISA is a stakeholder account and as such meets the standard for capped charges. There is an annual management charge of 1.5% of the value of the funds you accumulate. If your fund is valued at £250 throughout the year, this means that we charge £3.75 that year. If your fund is valued at £500 throughout the year, this means that we charge £7.50 that year. After 10 years these deductions would reduce to £2.50 and £5.00 respectively.

These figures assume contributions and investment over 18 years including any annual increase of 3% for inflation. Contributions to existing Plans will be invested for a shorter period depending on the age of the child at the time.

Charges may vary in the future but are subject to the stakeholder standards.

Every year we will send you a statement showing the value of the Plan.

All payments are locked into the Plan until the child's 18th birthday and cannot be reclaimed by any gifter(s).

For more information please read the Junior ISA Key Information Document(s).

Registered Contact

There can only be one *Registered Contact* at any time. The *life assured*, provided he (or she) has attained his (or her) 16th birthday, or any other person with *parental responsibility* for the *life assured* may apply to be the *Registered Contact*. Before we change the *Registered Contact*, we will require certain information and declarations. We will not change the *Registered Contact* unless the information and declarations have been provided to us. The declarations may include the consent of the existing *Registered Contact*.

Notwithstanding the previous paragraph, if the *life assured* is the *Registered Contact*, then the *Registered Contact* cannot be changed.

The *life assured* will be contacted prior to their 18th birthday to notify them that their *Plan* will automatically convert into an adult ISA if the monies are not encashed.

If we become aware that the *Registered Contact*, other than the *life assured*, no longer has *parental responsibility* for the *life assured*, then we will stop accepting instructions from the *registered contact*. We will resume accepting instructions only when we have changed the *Registered Contact* in accordance with our procedures.

Contributions

You, or anyone else, may contribute monthly and single *contributions* to the *Plan*. The total amount *contributed* to the *Plan* in any tax year cannot exceed the *contribution* limits specified in the *ISA regulations*.

Single *contributions* can be made by cheque or direct credit subject to a minimum *contribution* of £20. Monthly *contributions* can be made by direct debit or standing order subject to a minimum *contribution* of £10.

All *contributions* are gifts to the *life assured* and once accepted into the *Plan* cannot be repaid to the *contributor*.

Before we accept any *contributions* after the *life assured’s* 18th birthday, we will require certain information and declarations. We will not accept any such *contributions* unless the information and declarations have been provided to us.

Optional Changes to Monthly Contributions

Any *contributor* may increase or decrease their monthly *contributions* at any time subject to a minimum increase of £5. Monthly *contributions* may not be reduced below the minimum of £10.

Any *contributor* may stop their monthly *contributions* at any time. If monthly *contributions* have stopped they may be restarted at any time subject to any conditions or restrictions we may apply.

Automatic Increases to Monthly Contributions

Each monthly *contribution* will increase automatically on each anniversary of its commencement. The increase will be equal to the proportion by which the Retail Prices Index for the month six months before the month in which the anniversary falls exceeds the Index for the month 18 months before the month in which the anniversary falls, subject to a minimum increase of 2.5%. The increase will be applied to the monthly *contribution* payable immediately preceding the anniversary, allowing for any *contribution* changes attributable to Optional Changes.

If the Retail Prices Index is replaced or discontinued, we will decide which other suitable Index we should use for calculating Automatic Increases. Automatic Increases will be reduced or cancelled if *ISA regulations* prevent an Automatic Increase from being made in full.

If a *contributor* has made Optional Changes to their *contributions* within the 12 months preceding its anniversary, then we may, at our discretion, postpone the Automatic Increase by up to 12 months from the Optional Change. Future Automatic Increases will then occur at 12 month intervals, subject to any further postponement from future Optional Increases.

If any *contributor* asks us to do so, we will stop their future Automatic Increases, subject to 14 days' written notice. The *contributor* may request that they recommence at any time, subject to 14 days' notice. The recommencement will not take account of any Automatic Increases that would have been made previously but for their earlier cessation.

Investment of Contributions

Contributions will be invested in the *Fund(s)* selected for your *Plan*. The investment objectives of the *Fund(s)* are set out in our Key Information Documents. Subject to meeting the conditions for a stakeholder account, we have discretion as to how the assets of each *Fund* are invested. Any income arising from the assets of a *Fund* will be added to the *Fund*.

Each *Fund* is divided into units of equal value. We will increase or reduce the number of units into which a *Fund* is divided at our discretion, in which case we will transfer in to or out of the *Fund* an amount of money so that the value of each unit is unaffected.

We will value each *Fund* each business day based on the closing prices of the assets for that day, or such other time as we may decide. We will calculate the value of the assets in each *Fund* on a fair and reasonable basis and check that the investment limits for each *Fund* are in accordance with the *Stakeholder Regulations*.

We will calculate the value of a unit of each *Fund* at a valuation by dividing the total value of the *Fund* calculated at that day's valuation by the total number of units of the *Fund* existing at that time. We will then set a price for a unit of the *Fund* for the purpose of allocating units to *Plans* and computing the benefits under *Plans* that are linked to the *Fund*. It will be equal to the value of a unit of the *Fund* rounded to the nearest one-tenth of a penny. Unit prices set at a valuation will be effective for unit transactions on that day.

We may open new *Funds* from time to time or close or combine existing *Funds* if we think this is appropriate. Where we close or combine *Funds* we will redirect future *contributions* and/or *Fund Switch* existing units, as we decide are appropriate, using the unit prices on the effective date.

Switching Funds

Subject to any conditions or restrictions we may apply, you may request that we redirect future *contributions* and/or *Fund Switch* existing units, using the unit prices effective on the later of the date you select and the day we receive your written instructions.

Allocation of Units to Your Plan

For each *contribution* or transfer payment received, we will allocate to the *Plan* units of the *Fund(s)* using the unit price or prices effective on the date that the *contribution* is received. The total value of the units we allocate at that price will be equal to the *contribution* due.

The number of units of a *Fund* allocated in respect of each payment, and each *Fund Switch*, will be rounded to the nearest 1/100th of a unit.

Charges

There is a maximum annual management charge of 1.5% of the value of the *Fund(s)*. This charge reduces to 1.0% or less, 10 years after the *Start Date*. A proportion of the annual charge is deducted directly from the *Fund(s)* at each valuation, based on

the number of days since the last valuation, and is reflected in the unit prices.

In addition to the annual management charge the unit prices are affected by portfolio transaction costs incurred directly or indirectly in the sale or purchase of investments held in the *Fund(s)*.

Ownership

The investments of the *Plan* are, and will remain, in the beneficial ownership of the *Life Assured* and must not be used as security for a loan. The title to the *Plan* is vested in the *Registered Contact*.

The *Plan* may only be owned or held as a qualifying investment for a Stocks and Shares *Junior ISA*. The *Plan*, or the rights conferred by the *Plan* or any share or interest in the *Plan* or rights respectively, other than the cash proceeds from termination or part encashment of the rights conferred, including full or part encashment following the acceptance of a terminal illness claim, cannot be transferred to you or the *life assured*.

The *Plan*, the rights conferred by the *Plan* and any share or interest in the *Plan* or rights respectively, are not capable of assignment or assignation (other than that the *Plan* may be transferred to another *Junior ISA* manager in accordance with the *ISA Regulations* or title to the *Plan* may be transferred to a new *Registered Contact*).

Annual Statements

We will prepare and send to you, at least annually, a statement including a valuation of your *Plan* and the amount of all *contributions* made since the previous statement date.

Transfers

On receipt of your written instructions, within any time period you have stipulated (but not less than 10 business days after receipt of your instructions) and subject to the *ISA Regulations*, we will transfer some or all of the *unit account value* of your *Junior ISA* with all rights and obligations to another *Junior ISA* manager. We do not make any charge for the transfer.

Before the transfer can take place we will require written authority from the new manager. We will issue you with a Statement of your *Plan* at the date of transfer. Transfer of the entire *unit account value* will release us from all of our obligations under the *Plan*.

You may transfer the amount of a *Junior ISA* or a Child Trust Fund (CTF) account held with another Account Manager to us, which we will manage under these Terms and Conditions. We can accept transfers from Stocks and Shares Accounts and/or Cash Accounts, into this *Plan*. The transfer must be made in a manner acceptable to us.

Junior ISA Benefits Withdrawal

At any time after the *life assured's* 18th birthday and on receipt of their written instructions, they may withdraw some or all of the investment. We will pay them all or a portion of the *unit account value* effective on the later of the date they select and the day we receive their request.

We will cancel a number of units of the *unit account* equal in value to the amount payable. If units of more than one *Fund* remain allocated to the *Plan* immediately prior to the withdrawal,

we will cancel units of each of those *Funds* equal in proportion to the value of the units of each *Fund*. The number of units of a *Fund* cancelled in respect of the withdrawal will be rounded up to the nearer 1/100th of a unit.

Death Benefit

In the event of the *life assured's* death we will pay 101% of the *unit account value* effective on the day of death. Payment will be made to the *life assured's* legal personal representatives after we receive evidence satisfactory to us of the *life assured's* death.

Terminal Illness Benefit

If we are advised by HM Revenue & Customs (HMRC) that a terminal illness claim has been agreed, then on receipt of *your* written instructions *you* can withdraw some or all of the investment. We will pay *you* all or a portion of the *unit account value* effective on the later of the date *you* select and the day we receive *your* request.

All Benefits

Before we make any payment, we will require evidence satisfactory to us of the entitlement to the benefits of the person or persons claiming payment. All payments are due in the currency of England at our registered office. Payment of the entire *unit account value* will release us from all of our obligations under the *Plan*.

Cancellation Rights of a Junior ISA

The Plan Document and the *schedule* are issued together with a notice of *your* right to cancel. *You* have 30 days from receipt of the notice, during which *you* can change your mind about taking out *your* *Plan* and have all *contributions* returned to *you*.

Cancellation

If *you* wish to cancel *you* should complete and return the notice to Foresters House, 2 Cromwell Avenue, Bromley, BR2 9BF. The amount returned to *you* may be lower if the value of units bought on *your* behalf has fallen.

The cancellation period when transferring a CTF to a Junior ISA

If the Junior ISA application is by way of transfer from a CTF account the Registered Contact will have a seven day period in which to withdraw from the transfer. During this period we will not contact the CTF provider to transfer the account. However after this period the transfer will complete and the Junior ISA cannot transfer back to a CTF. There is no cancellation period once the Junior ISA is in force.

Termination

Your *Plan* will be managed in accordance with the *ISA Regulations*. We will inform *you* if, by reason of any failure to satisfy the provisions of the *ISA Regulations*, *your* *Plan* has, or will, become void. We will terminate *your* account if it becomes void under the *ISA regulations* and will pay the *Life Assured* the *unit account value* reduced by such amount of tax as we are obliged to account for under those Regulations. This will release us from all of our obligations under the *Plan*. The *Plan* shall terminate automatically if it ceases to be owned or held in the *Junior ISA*.

Disputes

We take the concerns of our *Planholders* very seriously. If at anytime *you* do have any comments or wish to make a

complaint, please write to the Customer Relations Officer at Forester Life, Foresters House, 2 Cromwell Avenue, Bromley BR2 9BF. In the unlikely event that *your* complaint cannot be resolved to *your* satisfaction, *you* can write to the Financial Ombudsman Service (FOS), Exchange Tower, London, E14 9SR (telephone 0300 123 9123 or email complaint.info@financial-ombudsman.org.uk or visit www.financial-ombudsman.org.uk).
